Re: Kourtney Gorham

To Whom It May Concern:

Kourtney Gorham was employed as a Special Needs Counsellor at Camp Easter Seal in 2012 and 2013 then held a Senior Supervisory position in 2014.

Kourtney has demonstrated that she is a sensitive person who is committed to working with people with special needs. She responds to those needs in a genuine, caring manner. In the Counsellor position, Kourtney was responsible for the physical and mental needs of those in her care. She provided aspects of attendant care to those in her charge. She seemed comfortable providing attendant care and at all times, respected the privacy and dignity of those in her care. As a Supervisor she was able to be an effective leader who provided guidance and support to her staff members. She was also a key contributing member of the Supervisory team.

Kourtney was able to effectively structure her own workload. Likewise she was confident in making sound work-related judgements, but would confirm major decisions with her supervisor. Kourtney was an effective team member, and also demonstrated some leadership qualities. She was accepting of direction and feedback and she utilized that information in a constructive manner. In fact, she would actively seek feedback on her performance.

Kourtney has been a dedicated employee for the past three years, and she conducted herself as a professional. She is an emotionally stable, socially mature person who has a sense of direction and purpose. She has had a strong sense of commitment to our organization and the people we serve.

If you have any questions regarding Kourtney's work performance, please do not hesitate to contact me at (306) 664-7213 or [shuynh@abilitiescouncil.sk.ca](mailto:shuynh@abilitiescouncil.sk.ca).

Sincerely,

A handwritten signature in black ink, appearing to read "Su Huynh".

Su Huynh, BScN  
Camp Easter Seal Manager
